THE STORY

A WAR MOST PEOPLE NEVER SEE. A HERO THE WORLD MUST REMEMBER.

RHINO MAN is the true story of South African field rangers risking their lives to protect endangered rhinos from ruthless poaching syndicates.

At its heart is **Anton Mzimba**, a legendary ranger whose courage and leadership inspired a generation — placing him in the crosshairs of organized crime. As new recruits endure grueling ranger training, the film builds toward a heartbreaking turning point that sparked a global cry for justice.

With support from **Prince William** and **Dr. Jane Goodall**, **RHINO MAN** becomes a stirring tribute to Anton's sacrifice and the rangers carrying his torch. It's a story of resilience, purpose, and the unbreakable spirit of those protecting our planet's most iconic species.

SOCIAL IMPACT

JUSTICE FOR ANTON MZIMBA

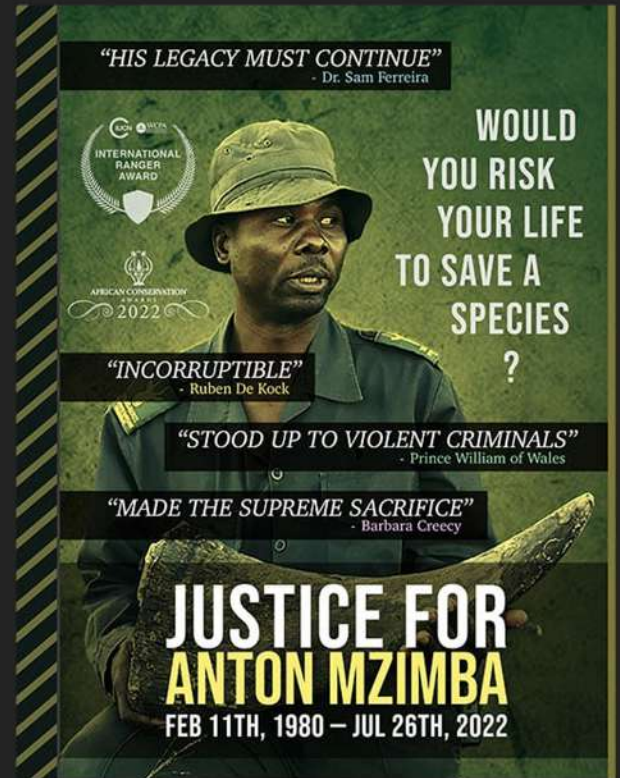

In July 2022, Anton Mzimba — head ranger and father — was assassinated outside his home by a poaching syndicate. His death sent shockwaves through the global conservation community.

In response, the Global Conservation Corps launched the Justice for Anton campaign to honor his legacy, support the investigation into his murder, and protect other rangers facing similar threats.

Since its launch, the campaign has:

- 👉 Collected over 100,000 petition signatures
- 💰 Raised \$35,000+ for the investigation and reward
- 👨🎓 Raised \$70,000 for Anton's children's education
- 🛡️ Provided specialized training for his ranger team
- 👮 Secured commitments from top law enforcement
- 🌐 Garnered global media and institutional support

RHINO MAN is more than a film — it's a living legacy of action, advocacy, and accountability.
